Electric Vehicle Charging Station on 1100 Block of West Hastings Street

The Downtown Vancouver Business Improvement Association (DV BIA) is a proud promoter of sustainability initiatives, such as electric vehicle charging stations and car sharing.

We support the proposal by Oxford Properties and Modo Co-operative to install a level two EV charger for two parking stalls on the 1100 block of Hastings Street.

This project aligns with the sustainability principles of the DV BIA and the City of Vancouver. The Climate Emergency Action Plan calls for investments in electric vehicle infrastructure as a means of reducing carbon emissions. In order to meet the 2030 target for carbon emissions, the action plan aims to replace 35,000 gasoline cars with electric vehicles.

Along with LGM Financial Services, the DV BIA will contribute as a financial sponsor of this project.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Gauthier".
